REGULATIONS AND INFORMATION GENERAL

All Pari-Mutuel pools are calculated and distributed in accordance with the Regulations and Directives as issued by the Canadian Department of Agriculture and Agri-Food (the Regulations), under the approval and supervision of the Canadian Pari-Mutuel Agency. All tickets should be held until the race is declared official and prices are posted. Notice boards are located in the grandstand. The approximate odds represent only the probable payout price of the win pool at the time they are posted & have no bearing on the payout price of any other pool.

ENTRIES AND MUTUEL FIELDS

"Entry" means two or more horses in the same race which, for the purpose of Pari-Mutuel betting, are coupled or considered as the same betting interest. The most common reason for coupling of horses in Entry is the fact that they are owned by the same person. "Mutual Field" means two or more horses in the same race which, for the purpose of Pari-Mutuel betting, are coupled because the number of horses in the race exceeds the number which can be handled separately by the Pari-Mutuel system. Subject to the Regulations, a bet on one horse of an Entry or Mutual Field shall be considered a bet on all horses in the Entry or Mutual Field. Where a horse that is part of any Entry or Mutual Field is a late scratch, and at least one of the Mutual Field starts in the race, all tickets purchased on the Entry or Mutual Field remains valid.

DAILY DOUBLE BETTING (INCLUDING LATE DOUBLE)

A Daily Double is a betting transaction in which a purchaser of a ticket undertakes to select the winners of each of the two races specified for the Daily Double. The Daily Double is operated as an entirely separate pool and is not affected by wagering in other pools operated on the Daily Double races. Should a horse or horses (not coupled with a starter) be excused from starting in the second race of the Daily Double, after the first race of the Daily Double has been declared official, holders of all Daily Double tickets on such horses, coupled with the winner of the first Daily Double race, shall participate in a Consolation Daily Double.

EXACTOR BETTING

An Exactor bet is a betting transaction in which a purchaser of a ticket undertakes to select the first two horses representing different betting interests to finish in the exact official order of finish, in the race on which the pool is operated. If the same betting interest finishes first and second (i.e. 1-1, 2-2) the payout will be on those horses finishing first and third.

QUINELLA BETTING

A Quinella Bet is a betting transaction in which a purchaser of a ticket undertakes to select the first two horses representing different interests to finish, in either order to finish, in the race on which the pool is operated. If the same betting interest finishes first and second (i.e. 1-1, 2-2) the payout will be on those horses finishing first and third.

TRIACTOR BETTING

A Triactor Bet is a betting transaction in which a purchaser of a ticket undertakes to select the first three horses representing different interests to finish, in the exact order to finish, in the race on which the pool is operated.

SUPERFACTOR BETTING

Superfactor Bet is a betting transaction in which a purchaser of a ticket undertakes to select the first four horses representing different interests to finish, in the exact order to finish, in the race on which the pool is operated.

PICK 3, 4, AND 7 POOLS

The Pick 3, 4, and 7 bets are betting transactions in which a purchaser of a ticket undertakes to select the official winners of each of three, four or seven successive races specified for Pick 3, 4, and 7 respectively. Winning tickets and a mandatory payout of the Pick 3, 4, and 7 are determined in the following sequence: a) winners of all legs, b) most winners, c) most second place finishers, d) sequentially thereafter. Where no tickets have been sold coupling the official winners of every leg of the Pick 7 and a mandatory payout does not apply, 25% of the day's net pool is paid out as detailed above, while 75% is accumulated and carried over. PICK 3. 4. AND 7.

PICK 3, 4, AND 7 SCRATCHES

In the event a Pick 3, 4, or 7 ticket designates as a selection a horse which is scratched, excused or determined by the Judges to be a non-starter in any of the races comprising the Pick 3, 4 or 7, the following evidence by the amount wagered in the Win pool at the time of the start of the race the scratch occurred, will be substituted for the non-starting selection. In the event the money bet in the win pool for two or more favourites is identical, the selection with the lowest program number shall be substituted for the non-starting selection.

REFUNDS

Subject to Regulations, all monies in all pools on a race are refunded where the race is cancelled, declared no contest, postponed beyond the racing card for which it was scheduled, subject to a change in distance after betting has commenced, or where the running or the finish of the race cannot be properly judged.

CASHING TICKETS

The purchaser of a winning ticket may cash their winnings via a self-serve tote machine or via a Pari-Mutuel ticket seller. Winning tickets will be cashed based on the final results and calculations provided by the tote company in accordance with the DOA under the direction of the CPMA. Winning tickets are valid indefinitely. Pari-Mutuel ticket sellers are required to ask for ID when cashing winning tickets in the amount of \$100.00 and up.

CANCELLING TICKETS

The purchaser of a ticket may cancel any ticket via a Pari-Mutuel ticket seller at any point before the start of the race the ticket was purchased on. In the event of a discrepancy between the TV Monitor and the Tote Machine on the start time of a race, the Tote Machine will be taken as correct. As per Regulation 57(6)(a) of the CPMA Betting Supervision Regulations, the following monetary limits shall be placed on cancellations: \$99.00 – Win, Place, Show Pools and \$199.00 – Feature Pools

COMMON POOL, WAGERING (INTER-TRACK BETTING)

Subject to Regulation, in the unlikely event of a communication or computer systems failure, various courses of action may result, depending on the nature of the breakdown. Bets from affected sites, including advance bets, may be refunded.

Customers will be advised of the course of action taken.

BREAKING RULE (MPHRC)

Refer to MPHRC Rule 331

DRUG TESTING

To ensure the integrity of all races contested at the Truro Raceway and in conjunction with the Maritime Provinces Harness Racing Commission pre-race blood gas analysis are conducted at random on selected horses. Post-race urine tests are conducted according to CPMA regulations.

1:9 AND 99:1

If the approximate odds for any horse are posted at "1:9", the pay-out price based on a \$2 bet on the win pool may be as low as \$2.10. If the approximate odds for any horse are posted as "99:1", the pay-out price based on a \$2 bet on the win pool may be greater than \$200.

OUTSTANDING TICKETS

The value of outstanding tickets for each three-month period ending March 31, June 30, September 30, and December 31, as calculated three months after the end of the period will be posted on a notice board.

HOW TO PLACE A BET

Harness Racing 101

Harness Racing is a form of racing where the horses race at a specific gait (a trot or a pace). The horses pull a two wheeled cart called a **sulky** that the **driver** sits on. All North American harness racing horses are **Standardbred**

The horse and driver teams start each race behind a moving **starting gate**. Their position behind the gate is determined by a random draw for each race. The **Truro Raceway** is a half mile track so the horses go twice around the track to complete their mile long race.

1

PICK A HORSE

Some people pick their horse based on names, lucky numbers, birthdates, or drivers. Others study the program information and odds before making a decision. There are no rules when it comes to making the choice.

2

PLACE A BET

The minimum bet is \$2. For your first time out we suggest sticking to some of the more basic types of wagers: Win, Place, or Show. Go see one of our friendly tellers and say, "In race "3" I'd like a \$2 "win" on horse "#5", please."

3

CHEER!

You have your ticket in hand. Now cheer on your horse and driver. At post time the horses will move into position behind the starting gate. The gate picks up speed until the starting point then pulls away and the race is on!

TYPES OF BETS

Win: Collect if your horse finishes first.

Place: Collect if your horse finishes first or second

Show: Collect if your horse finishes first, second, or third.

Exactor: Collect if you select the first two finishers in the exact order they come in.

Triactor: Collect if you select the first three finishers in the exact order they come in.

Box: Add to an Exactor/Triactor to collect if you select the finishers in any order.

Daily Double: Collect if you select the winning horse in both races designated as the Daily Double (not individual tickets).

ODDS & ENDS

The **odds** determine how much you can win off of your bet. The odds listed in the program are predetermined based on the individual horse's statistics but shift as bets are made depending on how much is bet. Odds reflect what the bettors' consensus is on the outcome of the race.

You've Won! Claim your winnings at any teller's station after the race has been made official and prices are listed on the **tote board**.
